* **For the purpose of hiring St Nicolas' facilities, a Not for Profit group is** an organization that does not earn profits for its owners. All of the money earned by or donated to a not-for-profit organisation is used in pursuing the organization's objectives and keeping it running. Typically, not-for-profit organizations are charities or other types of public service organisations working with and supporting the community. We accept an organisation as non-profit if it meets the above criteria and that its constitution or governing documents prohibit distribution of profits or gains to individual members and its actions are consistent with the prohibition.
